# INVITATION

We would like to invite you to the "Building a New Climate Regime : What needs to be Done at the United Nations Climate Summit 2014" conference which will be held on September 3, 2014 at the Plaza Hotel, Seoul Korea. It is our greatest honor to have you as our guest. This conference aims to develop an agenda for the upcoming Climate Summit.

In September the UN Secretary Ban Ki-moon will be hosting the Climate Summit in New York in the hopes of fleshing out ideas and lessons that might prove to be essential for the success of global climate agreements which will be applicable to all Parties with legal force at the Climate Change Conference in 2015.

As the Climate Summit 2014 intends to be the anchor to the UNFCCC Climate Change Conference in 2015, it is necessary for us to evaluate the achievements and limitations of the international efforts to combat climate change as well as to seek new strategies under the Durban Outcomes across various sectors - business, finance, civil society and industry - to reduce emissions and develop a sustainable, low-carbon development pathway.

Thus, this conference is going to focus on three pillars; Global Governance Structure, Financing Mechanism and Technology Dissemination to narrow down the different opinions between developed and developing countries in order to reach meaningful results for the road to reducing emissions and strengthening adaptation strategies across the globe.

We cordially invite you to "Seoul Climate-Energy Conference 2014" to share your insight and expertise.

KAIST 녹색성장대학원, 녹색기술센터, 우리들의 미래는 2014년 9월 3일 서울 플라자 호텔에서 "Building a New Climate Regime : What needs to be Done at the United Nations Climate Summit 2014" 컨퍼런스를 개최합니다.

반기문 UN 사무총장은 2015년 개최될 기후 정상회의에서 모든 국가에 적용되어 법적 구속력을 갖는 기후협약을 성공적으로 이끌어내기 위해 금년 9월 23일 뉴욕 UN본부에서 기후 정상 회의를 소집하였습니다. 이번 정상회의는 2015년에 개최될 UN 기후변화 회의의 방향을 가늠하는 중요한 역할을 하게 될 것입니다.

이에 기후변화와 녹색성장에 관련된 국제기구의 주요 인사와 학계의 권위자들이 정상 회의 개최 20일 전인 9월 3일 함께 모여 이번 정상회의에서 무엇이 논의되고 이루어져야 하는가에 관한 의견을 모으고 바람직한 방향을 제시하기 위한 국제 컨퍼런스를 개최하게 되었습니다.

이 회의에서는 그 동안의 기후변화 대응을 위한 국제적 노력의 성과와 한계에 대한 평가는 물론, 더반회의 결과를 기반으로 한 지속가능한 발전과 저탄소 경제를 이룩하기 위한 새로운 전략을 모색하는 기회가 될 것입니다.

이를 위해 본 컨퍼런스는 '글로벌 거버넌스' '재원조달 메커니즘', 그리고 '녹색기술 보급'의 세 가지 핵심 사항을 집중 조명하여 선진국과 개발도상국 간 이견을 좁히고 세계적인 배출감소 및 기후 적응전략 강화를 실현하는데 그 목표를 두고 진행될 것입니다.

바쁘시더라도 부디 참석하시어 의미 있는 결실을 거둘 수 있도록 고견을 나누어 주시고, 자리를 빛내주시면 감사하겠습니다.
